Fair Draw Crowd—Farmers' Fair week was held in St. Louis last week. Many former residents of the city visited there. There was a good crowd in town Wednesday and Thursday and there was plenty of amusement. There were numerous concessions, plenty of free attractions and plenty of good music. There was a magnificent dance on the pavement Thursday night.

Board Fight is Prospect—It has been noised about that there will be something stirring in staid old St. Louis ere the dawn of another month. Many of the citizens of the town do not take kindly to the treatment accorded them at a recent school meeting and mean to fight it out, to see who is who. A recall has been suggested and some real developments are looked for ere the dawn of peace again sails over the erstwhile quiet town. What will develop out of the issue time alone will tell. Supt. of Public Instruction Johnson would like to see the thing cleared up and it is along these lines that something is sure to happen.

There is an air of secrecy carried by those interested in the cleanup movement but they say they have the goods and will show their wares at the proper time.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of betterment by doing all your trading at home. It will be profitable to you as well as to the entire community.
